UNDERGRADUATE HOUSING OPTIONS

Residence Halls

Students who want to have a traditional on-campus living experience will want to apply for a residence hall room. The residence halls operate on an agreement that runs from September 18, 2019, (right before autumn quarter starts) to June 13, 2020, (when spring quarter ends). If you are assigned after the September start date, you can move in later, and your charges will begin then.

Apartments

For students who are seeking a more independent experience or who need year-round housing, our apartments are a good choice. The apartment agreement goes from September 15, 2019, through August 22, 2020, or if you are assigned after the agreement begins, your charges will begin as of that date.

Family Housing

Family Housing is for married students and/or students with children. Family Housing has month-to-month agreements, meaning you move in after you are assigned and terminate your agreement when you need to.
No matter where you live on the UW campus, you’ll make new friends and have access to social events, learning opportunities and the academic and emotional support that make the Husky Experience your own unique adventure.

During the application process you will be asked your preferences for:
- Which building, bathroom type and type of room you prefer
- If you are interested in a Living Learning Community
- If you are interested in gender-neutral, substance-free or Winter Break housing
- Your choice of roommate (if you have one)

Then during your room selection time, you will search for available rooms that meet your needs, and assign yourself (and your requested roommate, if you have one). More information about room selection is on page 16 of this guide.

Once you move in, you’ll see that your room is only a small part of your life at the UW. Between classes, studying, friends and activities, there are dozens of places you’ll be throughout your day. Even if you don’t get your first choice, your Husky Experience can still be rich and fulfilling—and you may find that your circle grows larger and more interesting!

Before you begin your housing application, it’s important to consider the following options and opportunities.

Winter Break and Spring Break
• Most residence halls are closed during Winter Break.
• Winter Break goes from noon on Saturday, December 14, 2019, through noon on Sunday, January 5, 2020.
• You may request assignment to a room that is open for Winter Break on your housing application.

Note: HFS cannot guarantee placement in a room that is open for Winter Break.

RESIDENCE HALLS THAT STAY OPEN OVER WINTER BREAK
• Lander Hall
• Mercer Court
• Stevens Court
• Willow Hall

All residence halls are open during Spring Break.

Gender-Inclusive Rooms
It is important to us that all University housing options are welcoming for all students. Gender-inclusive housing is intentionally supportive of residents across the spectrums of gender identity, gender expression, biological sex, and sexual identity, and allied members of the community who demonstrate an understanding of, and commitment to, creating gender-inclusive communities on campus.
• Students in the process of discovering their gender identity
• Students who are transitioning from one gender to another
• Students who do not wish to identify themselves by sex or gender identity
• Students who identify as outside of the gender binary
• Students whose gender identity is fluid
• Students who do not conform to society’s expectations to their gender assigned at birth (gender non-conforming)

The gender-inclusive rooms are open to any student who selects this option. If you are interested in living in a gender-inclusive room, please request gender-inclusive on your housing application.

Substance-Free Rooms
Many students elect to lead a substance-free life. Substance-free rooms provide a positive atmosphere where roommates make a commitment to each other to abstain from the use of alcohol, tobacco products, marijuana and illegal substances in all environments. A limited number of rooms are designated substance-free based on the commitment of the students who select or are assigned to that room and may be mixed among non-substance-free rooms in the community.
Substance-free rooms are open to any self-nominating student. If you are interested in living in a substance-free room, please request it on your housing application.

**Living Learning Communities**

Any student choosing to live in a residence hall can select a Living Learning Community during the housing application process. Business, Engineering and Honors communities are linked to academic programs, and students with UW departmental approval will have priority for these living areas.

As a member of a Living Learning Community, you’ll have unique opportunities to engage with faculty and community leaders and learn through experience. Living Learning Communities offer a broad range of events tailored to the exploration of your interests.

**COMMUNITIES**

- Arts (Elm Hall, 7th floor)
- Business (McCarty Hall, 3rd floor)
- Engineering (Maple Hall, 5th–8th floors)
- Global Experience (Haggett Hall, North Tower 8th floor)
- Honors (Terry Hall, 3rd–5th floors)
- Pre-Health Sciences (Alder Hall, 6th–7th floors)

**STUDENT DESIGNED-LIVING LEARNING COMMUNITIES (SD-LLCS)**

Hosted in our single student apartment communities (Cedar Apartments, Mercer Court, Nordheim Court, and Stevens Court) SD-LLCs are intimate living learning experiences designed and led by passionate students. These communities can be as small as 8 residents or as large as 30. Each year SD-LLC offerings change based on what students propose, and might include: academic, professional, interest, or identity/background based focuses.

**Northwest Women (NWW)** seeks to provide a woman-centered space for outdoor recreation to help shift perspectives about women’s place in outdoor recreation and to promote the belief that the outdoors is for every person to enjoy, respect and protect.

Students interested in a Student Designed Living Learning Community will need to submit a statement of interest for review. Please follow the link to the [SD-LLC Resident Application](#).

**Considering Greek Life**

Many students choose to join sororities or fraternities instead of living in the residence halls, and most of them participate in the formal recruitment held yearly in mid-September. To learn more about the Greek formal recruitment process, please visit [uwgreeks.com](http://uwgreeks.com).

**PANHELLENIC AND HFS**

If you are a new freshman or transfer student who signs up for sorority recruitment by August 15:

- You do not need to submit a housing application.
- If you do submit a housing application, HFS will cancel it and refund your $500 deposit.
- You may request to keep your housing application/assignment active; however, if you cancel after August 15 you will be charged the regular cancellation rate.
- HFS will guarantee you a space in the residence halls if you change your mind about living in a fraternity/sorority after recruitment begins.

If you are a continuing student or a returning resident, you must cancel your own application, and you will be charged the regular cancellation rate.

**INTERFRATERNITY COUNCIL AND HFS**

If you are a new freshman or transfer student who joins a fraternity by August 15:

- You do not need to submit a housing application.
- If you do submit a housing application, HFS will cancel it and refund your $500 deposit.

If you are a continuing student or a returning resident you must cancel your own application, and you will be charged the regular cancellation rate.
DINING ACCOUNT

Our dining account plans are flexible, convenient, easy to manage and a great value. Because all food purchases are à la carte, you can build your meals around your own eating habits.

You may be required to have a dining plan unless you live in Mercer Court, Stevens Court or a studio apartment, where the dining account is optional. Both North Campus and West Campus have primary dining venues, Center Table and Local Point, to serve residents.

How Your Dining Account Works
Each time you make a purchase, the amount is deducted from your dining account balance. Your remaining balance is displayed on the cash register when you make a purchase so you always know your balance. You can also track your dining account online.

WHERE YOUR DINING ACCOUNT IS ACCEPTED
You can use your dining account at any HFS location and most on-campus vending machines. There are no set meal periods. If the location is open, you can eat there using your dining account.

Dining Levels
Choose the dining level that meets your needs. At the beginning of each quarter, the amount you chose is loaded into your dining account for you to spend. Quarterly payments are based on 11 weeks.

GUIDE TO CHOOSING A LEVEL
The average cost of a meal on campus is between $7–$11. We broke Levels 1–6 down into daily budgets to help you decide what works for you.

Dining levels 1–6 include a free drink each time you visit the residential dining areas, Local Point and Center Table, offering a savings to overall meal costs.

Dining Account Balance
Your unused dining account balance rolls over from quarter to quarter along with your quarterly allotment until the end of your agreement period on June 13, 2020. Dining funds are nonrefundable and nontransferable. We recommend that you monitor your account to avoid having a balance left over at the end of the year.
ACCESSIBILITY AND ACCOMMODATION

Students with individual accommodation, accessibility or dietary needs will follow the same housing application process as all students to apply for UW housing. In addition, the student will then register with the UW’s Disability Resources for Students (DRS) by the deadline shown below. DRS will notify the HFS Student Services Office in writing of any approved housing accommodation. The deadlines noted below apply to the deadline in which DRS must formally notify HFS of approved accommodations. DRS may require up to three months advance notice to review accommodation needs, so please contact them as soon as you possibly can. Additional information can be found on the last page of this guide.

Finding a Roommate

You are not required to find your own roommate; however, if you would like to, please consider the following resources:

• UW’s Facebook Roommate Finder app for new freshmen only (Instructions and a link to sign up should be provided by the UW Office of Admissions in their email communications with you.)
• For members of the LGBT and LGBT-allied communities, the Q Center’s Queer-Positive Roommate Message Board

If you don't find a roommate on your own, we will assign one or more for you.

Requesting a Specific Roommate

You may request a specific roommate on your application. Your request will be accommodated if:

• Both applicants are of the same gender*
• Both applications have identical preferences
• Both applicants have the same assignment priority
• Space is available

Note: If you want to request a specific roommate on your housing application, you will need their UW student number. We cannot guarantee requested roommates will be assigned together.

Except as required by law, assignments to UW housing facilities provided for students are made without regard to race, color, creed, religion, national origin, age, disability, sexual orientation, gender identity or expression, or military status.

*Students who request a gender-inclusive room will be assigned with another student who has requested the same.

Housing Application Guide for Undergraduates

HOW TO APPLY

1. SET UP YOUR UW NETID AND EMAIL ACCOUNT

The information required for set-up is included with your UW offer of admission.

Complete this step at least five days before you apply for housing.

2. Fill out Your HFS Student Profile

Go to the MyHFS home page.

Your profile determines what housing you are eligible for and uploads your application on the appropriate date.

While you are waiting for your housing application to open, here are a few things you can do:

• Add hfsinfo@uw.edu to your email contacts
• Read the Housing Agreement
• Determine if you want to participate in Early Fall Start
• Plan your budget for the upcoming year
• Investigate personal property insurance options
• Read about Greek chapter recruitment
• Learn about campus disability accommodations

3. COMPLETE YOUR HOUSING APPLICATION

Return to the MyHFS home page.

When your application is available you will see it listed on your home page. You are now ready to complete your housing application.

What You Will be Asked for When Applying

• Your building preferences
• Your room type preferences
• What method you will use to pay your quarterly housing and dining balance
• Roommate request (You will need to provide their UW student number.)
• A particular housing option or Living Learning Community requests
• Your dining level choice

YOU WILL ALSO NEED TO

• Agree to the application terms
• Electronically sign the agreement
• Pay a $500 refundable deposit

A $500 refundable deposit is required for on-campus housing. Paying the deposit is the last step in submitting your application. Some students with financial need may submit the application without a deposit and pay it later.

Note: Changes to your application preferences can be made through June 9.
SELECTING A ROOM

We will notify you of your room selection appointment time in mid-June. During your appointment time, you will log in, search for available rooms that meet your criteria, and assign yourself. If you have a mutually requested roommate, you can also assign that person to the room with you.

To select a room, you can search online for available rooms and make your own assignment for next year.

Room Selection Process

- Search for your room based on your choice of building, Living Learning Community and/or room type.
- You may choose to assign your mutually requested roommates with you, provided they are not already assigned.

CHANGING YOUR ROOM CHOICE

- You may search and select as many times as you like during your selection period.
- You can only change your own assignment, not the assignment of your mutually requested roommates.

MUTUALLY REQUESTED ROOMMATES

- You will only be given search results for areas that you are both eligible for and that you both have selected as preferences.
- If your roommates aren’t eligible for the area you are trying to assign yourself to, you will not be given any search results.
- If one of the mutually requested roommates is a smoker, the group can only be assigned together if all other members selected smoker or no preference on the application.
- If one of the mutually requested roommates has submitted a substance-free pledge, the group can only be assigned together if all other members have submitted the substance-free pledge on the application.

PAIR AND GROUP ASSIGNMENTS

A pair or group is comprised of yourself and one or more other students. You may assign yourself and one or more other people as long as:

- The other person is not already assigned; and
- All group members enter the UW student numbers of all other members on the application; and
- All group members are eligible to live in the area selected; and
- All preferences (e.g., smoking, Living Learning Community) match those selected by all other group members. It is very important that everyone in the group you want to live with is mutually requested. Each group member must request all of the other group members for the system to recognize and process the request. If all requests do not match, the group assignment will not be accepted.

Roommate requests must be made using UW student numbers, not names. Be sure to have the UW student numbers of all students you want to be assigned with before you submit your application.

Applicants who apply with a group of two or more will be able to assign their entire group of mutually requested roommates. The first group member to select online may assign everyone to an available room, cluster or apartment; however, they will not be able to designate which room within a cluster or apartment is assigned to each person.

If, after being assigned by a group member, you wish to adjust your individual assignment within a cluster or apartment, you will have the opportunity to make your request by completing an online request. Details will be emailed to you after room selection ends.
If You Can’t Find Available Space

- If one of the mutually requested roommates is a smoker, the group can only be assigned together if all other members selected smoker or no preference on the application.
- If one of the mutually requested roommates has submitted a substance-free pledge, the group can only be assigned together if all other members have submitted the substance-free pledge on the application.
- All members of the group must have selected the same Living Learning Community preference.

Room Selection Tips

- For the best chance of assigning yourself to one of your preferred rooms, log in to the room selection website as soon as you can after your appointment time begins.
- We cannot accommodate requests for earlier appointments based on schedule conflicts. If you do not select a room before August 9, HFS will assign you based on the preferences you express in your application. You will still have the option to change your assignment before your selection period ends.
- Have a backup plan. If there isn’t space available in your preferred building, room or apartment type, what are your other choices?

Confirmation of Your Assignment

Assignment confirmations will be emailed after room selection ends. Please contact us if you have any questions.

Cancellation Charges

If you decide to cancel your application and assignment, you’ll be charged based on the date you submit your notice.

The apartment dining account is designed to simplify your life. Choose from ten different dining levels or none at all. You can select a dining level that covers most or all of your eating expenses or just acts as a supplement to your food budget. Select the level that works for you.

How the Apartment Dining Account Works
The apartment dining account works like a prepaid debit card. At the beginning of each quarter the amount you chose is loaded into your account for you to spend. Each time you make a purchase, the amount is deducted from your dining account balance. Your remaining balance is displayed on the cash register when you make a purchase so you can easily track your balance. You can also manage your dining account online.

Where the Apartment Dining Account is Accepted
You can use your dining account at any HFS location and most on-campus vending machines. There are no set meal periods. If the location is open, you can eat there and use your dining account.

Guide to Choosing a Dining Account Level
The average cost of a meal on campus is between $7–$11. We broke Levels 1–6 down into daily budgets to help you decide what works for you.

Dining levels 1–6 include a free drink each time you visit the residential dining areas, Local Point and Center Table, offering a savings to overall meal costs. Local Point and Center Table also offer Husky Meals which provide a well-rounded lunch or dinner at a residents-only discount to maximize your dining dollars.

With an apartment dining account, you receive a 10% discount at the District Market, Husky Grind and Cultivate.

Unused Account Balance
Your unused account balance rolls over from quarter to quarter until the end of your agreement period on August 22, 2020. Dining funds are nonrefundable and nontransferable. We recommend you monitor and adjust your dining level each quarter to avoid having a balance left over at the end of the year.
FINDING OR REQUESTING APARTMENTMATES

Finding Apartmentmates

You are not required to find your own apartmentmates; however, if you would like to, please consider the following resources:

• UW's Facebook Roommate Finder app for new freshmen only (Instructions and a link to sign up should be provided by the UW Office of Admissions in their email communications with you.)
• For members of the LGBT and LGBT-allied communities, the Q Center's Queer-Positive Roommate Message Board

Requesting a Specific Apartmentmate

You may request a specific apartmentmate on your application. When you select your room, you will be able to assign your requested apartmentmate as long as:

• The request is mutual
• The person is not already assigned and is eligible for the apartment being selected
• Space is available

Note: If you are requesting a specific apartmentmate on your housing application, you will need their UW student number. If you do not specify an apartmentmate, you will be assigned one or more.

Except as required by law, assignments to UW housing facilities provided for students are made without regard to race, color, creed, religion, national origin, age, disability, sexual orientation, gender identity or expression, or military status.

New Freshmen

APPLYING MAY 2–8 (PRIORITY 2)
- Assigned after new graduate and transfer students
- Room selection begins on May 23

APPLYING AFTER MAY 9 (PRIORITY 3)
- Ongoing room selection will start after June 9
- Weekly room selection periods will start on Tuesdays and end on Sundays

AFTER ALL ROOMS HAVE BEEN SELECTED
- Not guaranteed assignment
- Assigned based on application date as rooms open due to cancellations
- Commuting distance may be taken into consideration
- May be put on a waiting list for assignment after autumn quarter begins
We will notify you of your room selection appointment time in late-May. During your appointment time, you will log in, search for available rooms that meet your criteria, and assign yourself. If you have a mutually requested roommate, you can also assign that person to the room with you.

To select a room, you can search online for available rooms and make your own assignment for next year.

**Room Selection Process**

- Search for your room based on your choice of Living Learning Community and/or room type choice.
- You may choose to assign your mutually requested apartmentmates with you, provided they are not already assigned.

**CHANGING YOUR ROOM CHOICE**

- You may search and select as many times as you like during your selection period.
- You can only change your own assignment, not the assignment of your mutually requested apartmentmates.

**MUTUALLY REQUESTED APARTMENTMATES**

- You will only be given search results for areas that you are both eligible for and that you both have selected as preferences.
- If your apartmentmates aren’t eligible for the area you are trying to assign yourself to, you will not be given any search results.

**PAIR AND GROUP ASSIGNMENTS**

A pair or group is comprised of yourself and one or more other students. You may assign yourself and one or more other people as long as:

- The other person is not already assigned; and
- All group members enter the UW student numbers of all other members on the application; and
- All group members are eligible to live in the area selected.

Apartmentmate requests must be made using UW student numbers, not names. Be sure to have the UW student numbers of all students you want to be assigned with before you submit your application.

Applicants who apply with a group of two or more will be able to assign their entire group of mutually requested apartmentmates. The first group member to select online may assign everyone to an available room, cluster or apartment; however, they will not be able to designate which room within an apartment is assigned to each person.

If, after being assigned by a group member, you wish to adjust your individual assignment within an apartment, you will have the opportunity to make your request by completing an online request. Details will be emailed to you after room selection ends.
Room Selection Tips

• For the best chance of assigning yourself to one of your preferred rooms, log in to the room selection website as soon as you can after your appointment time begins.

• We cannot accommodate requests for earlier appointments based on schedule conflicts.

• Have a backup plan. If there isn’t space available in your preferred building, room or apartment type, what are your other choices?

Confirmation of Your Assignment

Assignment confirmations will be emailed after room selection ends. Please contact us if you have any questions.

CANCELLATION CHARGES

HFS adheres to the UW's Reasonable Accommodation of Students with Disabilities policy, which is in compliance with Title II of the Americans with Disabilities Act (ADA) of 1990 as amended; the Rehabilitation Act of 1973 (P.L. 93-11) and 45 C.F.R. Part 84; Fair Housing Act of 1968 42 U.S.C. Sec. 3601 et seq., Chapter 49.60 RCW; and Chapter 28B.10 RCW.

Students with individual accommodation, accessibility or dietary needs will follow the same housing application process as all students to apply for UW housing. In addition, the student will then register with UW's Disability Resources for Students (DRS) by the deadline shown below.

If the disability or need requires some accommodation (e.g., accessible shower, visual fire alarm, single room, therapy animal) in order to create equal access to the living facility and/or program, the student will then register with DRS and provide documentation to support the accommodation request. DRS will review the documentation provided and determine what accommodations are reasonable for HFS to provide. Information about housing assistance provided by DRS is available at Disability Resources for Students—Housing. DRS can be contacted at 206-543-8924 (V)/206-543-8925 (TTY) or uwdrs@u.washington.edu.

Requests for housing accommodation received by DRS after the deadline will be accepted and processed and, if approved, DRS will notify the HFS Student Services Office in writing of any approved housing accommodation. Late requests will be accommodated as soon as space becomes available, but there is no guarantee that the accommodation will be provided for the requested quarter.

Family Housing applicants with a disabled family member may follow the same guidelines for application and registration with DRS.
